ADAPTIVE CYBER FORENSICS PLATFORM (AEDC)

OFFICIAL CERTIFICATE OF FORENSIC EVIDENCE INTEGRITY

FORENSIC VERDICT: PASS

Certificate Identifier:	`CERT-2026-7EE83F39`
Investigation Case ID:	CASE-2026-FORENSIC-01
Forensic Custodian:	Senior Cyber Forensics Examiner
Certification Timestamp:	2026-10-13 18:10:06 UTC
Total Evidence Blocks:	10000
Cryptographic Root Hash:	`471846bc2b9d28d84a770949a4499da4f2ee870d525f9815...`
Digital Certificate Digest:	`f4a16ccaee51d51bed06b2c99e785bf148a24a92d3d1f30f53e2c4faa9b87275`

MANDATORY AUDIT & NON-REPUDIATION CHECKS

Validation Check	Standard	Result
1. Canonical Record Hash Integrity	Deterministic SHA-256 JSON match	PASSED
2. Hash Chain Merkle Continuity	H_i = SHA256(H_i-1 || Rec_i) unbroken	PASSED
3. Chain of Custody Audit Trail	Verified tamper-evident transfer ledger	PASSED
4. Dual-Model AI Consensus	Random Forest + PyTorch GNN evaluated	PASSED
5. Evidence Provenance & Origin	Zero uncertified record mutations	PASSED

CERTIFICATION GUARANTEE: This document certifies under Federal and International Cyber-Forensic Evidence standards (ISO/IEC 27037) that the referenced telemetry records have been cryptographically validated, correlated across heterogeneous endpoints, and evaluated via dual-model machine learning algorithms. Any alteration of raw bits invalidates this seal.
