ADAPTIVE CYBER FORENSICS PLATFORM (AEDC)

OFFICIAL CERTIFICATE OF FORENSIC EVIDENCE INTEGRITY

FORENSIC VERDICT: PASS

Certificate Identifier:	`CERT-2026-980A94AE`
Investigation Case ID:	CASE-TEST-01
Forensic Custodian:	Lead Tester
Certification Timestamp:	2026-10-13 18:01:12 UTC
Total Evidence Blocks:	300
Cryptographic Root Hash:	`31fbb2fec37cc17f0be4c847c08cab5d060a90f9cb1956e2...`
Digital Certificate Digest:	`1d4f4b2f68cad1de713395f52fbd53f06099b93ca606222a1fecb6dc8ca77acd`

MANDATORY AUDIT & NON-REPUDIATION CHECKS

Validation Check	Standard	Result
1. Canonical Record Hash Integrity	Deterministic SHA-256 JSON match	PASSED
2. Hash Chain Merkle Continuity	H_i = SHA256(H_i-1 || Rec_i) unbroken	PASSED
3. Chain of Custody Audit Trail	Verified tamper-evident transfer ledger	PASSED
4. Dual-Model AI Consensus	Random Forest + PyTorch GNN evaluated	PASSED
5. Evidence Provenance & Origin	Zero uncertified record mutations	PASSED

CERTIFICATION GUARANTEE: This document certifies under Federal and International Cyber-Forensic Evidence standards (ISO/IEC 27037) that the referenced telemetry records have been cryptographically validated, correlated across heterogeneous endpoints, and evaluated via dual-model machine learning algorithms. Any alteration of raw bits invalidates this seal.
